## TRIANGLE CAPITAL CORPORATION REPORTS SECOND QUARTER 2010 RESULTS

**RALEIGH, NC — August 4, 2010, Triangle Capital Corporation (NASDAQ: TCAP)** (“Triangle” or the “Company”), a leading specialty finance company that provides customized financing solutions to lower middle market companies located throughout the United States, today announced its financial results for the second quarter of 2010.

Commenting on the quarter, Garland S. Tucker, III, President and CEO, stated, “Investment activity increased significantly during the second quarter and we are pleased to report increases in both total investment income and net investment income during the quarter. Our portfolio produced net realized gains during the quarter, and perhaps even more important, as we look toward future quarters, our existing portfolio companies continue to demonstrate many positive signs of economic growth, including increased backlogs, inventory expansion, and revenue and cash flow growth.”

### **Second Quarter 2010 Results**

Total investment income during the second quarter of 2010 was \$8.3 million, compared to total investment income of \$6.6 million for the second quarter of 2009, representing an increase of 26.1%. The Company’s increase in investment income is primarily attributable to new portfolio investments made during 2009 and 2010 which resulted in an increase in total loan interest, fee, dividend and paid-in-kind interest income of approximately \$1.8 million.

Net investment income during the second quarter of 2010 was \$4.6 million, compared to net investment income of \$3.2 million for the second quarter of 2009, representing an increase of 40.3%. The Company’s net investment income per share during the second quarter of 2010 was \$0.38, based on a weighted average share count of 12,003,068, as compared to \$0.41 during the second quarter of 2009, based on a weighted average share count of 7,924,772.

The Company’s net increase in net assets resulting from operations was \$6.9 million during the second quarter of 2010, as compared to a net decrease in net assets resulting from operations of \$2.9 million during the second quarter of 2009. The Company’s net increase in net assets resulting from operations was \$0.57 per share during the second quarter of 2010 based on a weighted average share count of 12,003,068, as compared to a net decrease in net assets resulting from operations of \$0.36 per share during the second quarter of 2009, based on a weighted average share count of 7,924,772.

The Company’s net asset value per share at June 30, 2010, was \$11.08 as compared to \$10.87 per share at March 31, 2010. As of June 30, 2010, the Company’s weighted average yield on its outstanding, currently yielding, debt investments was approximately 15.4%.

---

### **Liquidity and Capital Resources**

At June 30, 2010, the Company had cash and cash equivalents totaling \$44.9 million. Also, as of June 30, 2010, the Company had non-callable, 10-year, fixed rate Small Business Administration (“SBA”) guaranteed debentures outstanding totaling \$154.5 million.

Commenting on the Company’s liquidity and capital resources, Steven C. Lilly, Chief Financial Officer, stated, “A core component of Triangle’s operational strategy has been to signal financial strength to our shareholders by maintaining significant liquidity levels on an ongoing basis. Our second SBIC license, which was approved by the SBA during the second quarter, further enhances our liquidity position by providing Triangle with up to \$75.0 million of additional growth capital.”

### **Dividend Information**

On June 1, 2010, Triangle announced that its board of directors had declared a cash dividend of \$0.41 per share. This was the Company’s fourteenth consecutive quarterly dividend since its initial public offering in February, 2007. The dividend was payable as follows:

Record Date: June 15, 2010  
Payment Date: June 29, 2010

Triangle has adopted a dividend reinvestment plan (“DRIP”) that provides for reinvestment of dividends on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend, stockholders who have not opted out of the DRIP will have their cash dividends automatically reinvested in additional shares of the Company’s common stock, rather than receiving cash dividends.

When the Company declares and pays dividends, it determines the allocation of the distribution between current income, accumulated income and return of capital on the basis of accounting principles generally accepted in the United States (“GAAP”). At each year end, the Company is required for tax purposes to determine the dividend allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes.

### **Recent Portfolio Activity**

During the second quarter of 2010, Triangle made four new investments totaling approximately \$32.0 million, five additional debt investments in existing portfolio companies totaling approximately \$11.6 million and two additional equity investments in existing portfolio companies totaling approximately \$0.5 million. Triangle sold one equity investment in a portfolio company resulting in a realized gain of approximately \$3.5 million, and recognized a \$3.0 million realized loss on the partial conversion of one debt investment to equity. In addition, Triangle had four portfolio company loans repaid at par totaling approximately \$11.1 million during the second quarter of 2010. Significant new investments since March 31, 2010, are summarized as follows:

On April 19, 2010, the Company closed a \$12.0 million investment in Media Temple, Inc. (“Media Temple”) consisting of subordinated debt, convertible debt and warrants. Media Temple is an industry-leading, privately held, web hosting and virtualization service provider

---

based in California that provides businesses worldwide with reliable, professional-class services to host websites, email, business applications, and other rich Internet content.

On May 21, 2010, Triangle closed a \$5.5 million investment in Minco Technology Labs, LLC (“Minco”). The investment consisted of subordinated debt and equity and was made in partnership with a financial sponsor and Minco’s management team. Headquartered in Austin, Texas, Minco is a processor, packager, and distributor of semi-conductors for use in military, space, industrial, and other high temperature, harsh environments.

On June 1, 2010, the Company closed a \$5.0 million investment in Great Expressions Dental Centers (“GEDC”) consisting of subordinated debt and equity. Established in 1982, GEDC is one of the fastest growing dental practice management companies in the U.S. with locations in Florida, Michigan, Georgia, Virginia, Massachusetts and Connecticut.

On June 4, 2010, Triangle closed a \$9.5 million investment in Energy Solutions International (“Energy Solutions”) consisting of subordinated debt and equity. Energy Solutions is a leading global supplier of pipeline management software for the oil and gas industry.

Subsequent to quarter end, on July 9, 2010, the Company closed a \$5.5 million investment in Hatch Chile Co., LLC (“Hatch Chile”) consisting of subordinated debt with warrants. Hatch Chile is a food products company that distributes branded, green chile based cooking sauces and related canned chile and tomato products for retail customers, primarily in the Southwestern United States.
