**TRIANGLE CAPITAL CORPORATION REPORTS FIRST QUARTER
RESULTS, DECLARES FIRST DIVIDEND, AND ANNOUNCES
COMPLETION OF INVESTMENTS TOTALING \$23.4 MILLION**

RALEIGH, NC — MAY 9, 2007, Triangle Capital Corporation (NASDAQ: TCAP) (“Triangle” or “the Company”), a leading specialty finance company that provides customized financing solutions to lower middle market companies located throughout the United States, today announced the following: its results for the quarter ended March 31, 2007, its first quarterly dividend, and the completion of three investments totaling \$23.4 million in the aggregate.

In describing the Company’s first quarter activities, President and CEO, Garland S. Tucker, III, stated, “The most significant event during the first quarter was the successful completion of our initial public offering which occurred on February 21, 2007. Since that time we have been actively screening new transactions and beginning to establish Triangle in the marketplace as a premier provider of capital to lower middle market companies.” In discussing recent investment closings, Tucker added, “Though it has been less than three months since the completion of our IPO, we have successfully invested approximately thirty-five percent of the net proceeds from the offering, which is a very encouraging investment pace.”

The Company’s results of operations and cash flows for the three months ended March 31, 2007, are presented as if the Company’s initial public offering and related formation transactions had occurred as of January 1, 2007. In addition, in accordance with Statement of Financial Accounting Standards No. 141, Business Combinations, the results of the Company’s operations and its cash flows for the three months ended March 31, 2006, and the Company’s financial position as of December 31, 2006, have been presented on a combined basis in order to provide comparative information with respect to prior periods.

Total investment income during the first quarter of 2007 was \$2.1 million, compared to total investment income of \$1.4 million during the first quarter of 2006, representing an increase of 50.7%. Net investment income during the first quarter of 2007 was \$0.8 million, compared to net investment income of \$0.5 million during the first quarter of 2006, representing an increase of 59.2%. Net investment income per share during the first quarter of 2007 was \$0.12.

The Company’s net increase in net assets resulting from operations was \$1.1 million during the first quarter of 2007 as compared to \$0.5 million during the first quarter of 2006. The net increase in net assets resulting from operations per share was \$0.16 during the first quarter of 2007.

The Company’s net asset value per share at March 31, 2007, was \$13.57 as compared to the Company’s net asset value per share at the time of its initial public offering of \$13.07. As of March 31, 2007, the Company’s weighted average yield on all of its outstanding debt investments was 14.0%.

Dividend Information

Triangle's board of directors has declared a cash dividend of \$0.15 per share for the first quarter of 2007. The dividend will be payable as follows:

Record Date:	May 31, 2007
Payment Date:	June 28, 2007

Steven C. Lilly, Chief Financial Officer, commented regarding the Company's quarterly dividend, "We are pleased to offer our shareholders an immediate, annualized yield on their investment in the amount of 4.00%, based on our initial public offering price of \$15.00 per share. The strength of our existing portfolio of assets, coupled with the brisk investment activity we have seen since our IPO puts us in excellent financial position as we begin operating as a publicly traded company."

Triangle has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends on behalf of its shareholders, unless a shareholder elects to receive cash. As a result, when the Company declares a cash dividend, shareholders who have not opted out of the DRIP will have their cash dividends automatically reinvested in additional shares of the Company's common stock, rather than receiving cash dividends.

Under the terms of the loan, APO will pay 14.0% interest per annum. The Company also received a warrant to purchase up to 5.5% of APO's common units of membership interest.
