First Quarter 2025 Results

Commenting on the quarter, Eric Lloyd, Chief Executive Officer of Barings BDC, stated, "We delivered solid portfolio performance in the first quarter, with stable NAV after higher repayments in the prior sequential quarter. BBDC has preserved strong credit quality with total non-accruals coming in at 0.6% of our portfolio on a fair value basis, outpacing industry averages. Subsequent to quarter end, we advanced our goal of rotating into income producing assets by terminating our MVC CSA with Barings in exchange for a payment of \$23 million which we intend to deploy into attractive investment opportunities. The willingness of our manager, Barings, to pay this amount in full earlier than required, serves as yet another demonstration of unparalleled alignment. BBDC has over \$420 million of investable dry powder and the power of the broader Barings platform providing scale and enabling global insights to drive future portfolio performance. Looking ahead, we believe our team is equipped to navigate the full gamut of economic scenarios we may face, selectively actioning our global pipeline as the operating landscape evolves."

During the three months ended March 31, 2025, the Company reported total investment income of \$64.4 million, net investment income of \$26.4 million, or \$0.25 per share, and a net increase in net assets resulting from operations of \$32.6 million, or \$0.31 per share.

Net asset value ("NAV") per share as of both March 31, 2025 and December 31, 2024 was \$11.29. During the three months eknded March 31, 2025 the NAV per share activity was primarily attributed to net unrealized appreciation on the Company's investment portfolio, credit support agreements, foreign currency transactions and forward currency contracts of approximately \$0.07 per share, partially offset by the Company's payment of a first quarter special dividend of \$0.05 per share, the Company's first quarter regular dividend exceeding net investment income by \$0.01 per share, and net realized loss on investments, foreign currency transactions and forward currency contracts of \$0.01 per share.

Recent Portfolio Activity

During the three months ended March 31, 2025, the Company made 14 new investments totaling \$128.2 million and made investments in existing portfolio companies totaling \$78.7 million. The Company had 10 loans repaid totaling \$66.1 million and recognized a net realized loss on these transactions of \$10.2 million. The Company also received \$33.9 million of portfolio company principal payments and sales proceeds and recognized a net realized loss on these transactions of \$0.4 million. The Company received \$5.2 million of return of capital from joint ventures, equity, and royalty rights investments. Lastly, the Company received proceeds related to the sales and exits of equity investments totaling \$1.1 million and recognized a net realized loss on such sales totaling \$7.1 million.

During the three months ended March 31, 2025, the Company recorded net unrealized appreciation totaling \$7.3 million, consisting of net unrealized appreciation on the Company's current portfolio of \$17.0 million, net unrealized appreciation reclassification adjustments of \$16.9 million related to the net realized losses on the sales / exits of certain investments, unrealized appreciation of \$3.8 million on the MVC credit support agreement with Barings LLC ("Barings"), and unrealized appreciation of \$0.6 million on the Sierra credit support agreement with Barings, partially offset by net unrealized depreciation related to forward currency contracts of \$22.3 million, net unrealized depreciation related to foreign currency transactions of \$7.8 million and deferred taxes of \$1.0 million. The net unrealized appreciation on our current portfolio of \$17.0 million was driven primarily by the impact of foreign currency exchange rates on investments of \$14.8 million and broad market moves for investments of \$7.9 million, partially offset by the credit or fundamental performance of investments of \$5.7 million.

Liquidity and Capitalization

As of March 31, 2025, the Company had cash and foreign currencies of \$100.6 million (including restricted cash of \$7.3 million), \$497.3 million of borrowings outstanding under its \$825.0 million senior secured credit agreement, \$1,025.0 million aggregate principal amount of unsecured notes outstanding and a net payable from unsettled transactions of \$46.7 million.

Share Repurchase Program

On February 20, 2025, the Board authorized a new 12-month share repurchase program. Under the program, the Company may repurchase, during the 12-month period commencing on March 1, 2025, up to \$30.0 million in the aggregate of its outstanding common stock in the open market at prices below the then-current NAV per share. The timing, manner, price and amount of any share repurchases will be determined by the Company, in its discretion, based upon the evaluation of economic and market conditions, the Company's stock price, applicable legal, contractual and regulatory requirements and other factors. The program is expected to be in effect until March 1, 2026, unless extended or until the aggregate repurchase amount that has been approved by the Board has been expended. The program does not require the Company to repurchase any specific number of shares, and the Company cannot assure stockholders that any shares will be repurchased under the program. The program may be suspended, extended, modified or discontinued at any time. During the three months ended March 31, 2025, the Company repurchased a total of 150,000 shares of its common stock in the open market under the program at an average price of \$9.67 per share, including brokerage commissions.

Dividend Information

The Board declared a quarterly cash dividend of \$0.26 per share, which, together with the previously declared special dividend payable during the second quarter of 2025 in the amount of \$0.05 per share, is payable as follows:

Second Quarter 2025 Dividend:
Amount per share: \$0.31
Record date: June 4, 2025
Payment date: June 11, 2025

Dividend Reinvestment Plan

Barings BDC has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends and distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend or distribution, stockholders who have not opted out of the DRIP will have their cash dividends or distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving cash.

When the Company declares and pays dividends and distributions, it determines the allocation of the distribution between current income, accumulated income, capital gains and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes. The tax status of the Company's distributions can be found on the Investor Relations page of its website.

Subsequent Events

Subsequent to March 31, 2025, the Company made approximately \$130.3 million of new commitments, of which \$106.5 million closed and funded. The \$106.5 million of investments consists of \$71.2 million of first lien senior secured debt investments, \$33.8 million of second lien senior secured debt investments, \$1.2 million of subordinated debt investments and \$0.3 million of equity investments. The weighted average yield of the debt investments was 10.6%. In addition, the Company funded \$12.4 million of previously committed revolvers and delayed draw term loans.

On May 8, 2025, the Company entered into the Termination and Cancellation Agreement (the "Termination Agreement") with Barings to terminate all rights and obligations under the MVC credit support agreement in exchange for Barings' cash payment, on or prior to June 30, 2025, of \$23.0 million to the Company, which amount represents Barings' maximum obligation under the MVC credit support agreement.

Non-GAAP Financial Measures

To provide additional information about the Company's results, the Company's management has discussed in this press release the Company's net debt (calculated as (i) total debt less (ii) unrestricted cash and foreign currencies (excluding restricted cash) net of net payables/receivables from unsettled transactions) and its net debt-to-equity ratio (calculated as net debt divided by total net assets), which are not prepared in accordance with GAAP. These non-GAAP measures are not in accordance with, or an alternative to, measures prepared in accordance with GAAP and may be different from non-GAAP measures used by other companies. In addition, these non-GAAP measures are not based on any comprehensive set of accounting rules or principles. These measures should only be used to evaluate the Company's results of operations in conjunction with their corresponding GAAP measures. Pursuant to the requirements of Item 10(e) of Regulation S-K, as promulgated under the Securities Exchange Act of 1934, as amended, the Company has provided a reconciliation of these non-GAAP measures in the last table included in this press release.
